Xi'an Jiaotong University (XJTU), founded in 1896, is a national key university directly under the administration of China's Ministry of Education. As one of China's top ten research-intensive universities and a member of the C9 League—China's equivalent of the Ivy League—it operates as a comprehensive research university, encompassing 11 major disciplinary categories, including science, engineering, medicine, economics, management, humanities, law, philosophy, art, education, and interdisciplinary studies. A total of 4,484 international students from 128 countries and regions are enrolled at XJTU. In 2013, the university was designated by China's Ministry of Education as a "Demonstration Base for International Education". In 2024, XJTU achieved the highest rating of Class A+ in the re-certification of higher education quality for international students in China. In the 2026 Best Chinese Universities Ranking, XJTU secured the 10th position.

PROGRAM FEATURES

The International Foundation Program Center, School of International Education of Xi'an Jiaotong University offers a wide variety of customized courses for international students who are planning to pursue Chinese-taught bachelor degrees in China. It equips students with the necessary preparation for further academic pursuits within a dynamic and supportive university environment.

The center implements small-class teaching, with students divided into classes based on their intended majors and current Chinese language proficiency. Through 36-week, 18-week, or 11-week program formats, the program is designed to help international students develop foundational Chinese language skills, academic Chinese tailored to specific disciplines, core subject knowledge, and cross-cultural communication competence—laying a solid groundwork for their subsequent degree studies.

Additionally, the center provides international students with a suite of guidance services, such as visa application assistance, consultations on admission and scholarship policies, guidance on application procedures, lectures on university academic life, and recommendations for partner universities. These services create favorable conditions to facilitate international students' successful enrollment in Chinese universities.
